INTRODUCTION

Hello, my name is Felix and I am a systems developer in search of new experiences. I have knowledge, mainly, in FullStack development with modern technologies such as Vue, Angular, NestJS e TypeORM.

HIGHER EDUCATION

System Analysis and Development - Fatec São Caetano do Sul

Graduated in Dec. 2021

COURSES AND CERTIFICATIONS

Linux Essentials Course - CISCO

Completed in Dec. 2020

Certified Tester Foundation Level (CTFL) - ISTQB

Completed in May 2019

EXPERIENCES

Systems Development Internship - Smart Staff

In May 2021, I began as an intern. I worked on creating new systems and functionalities, as well as providing maintenance for existing ones.

Vue Angular NestJS Java

Development Assistant - Smart Staff

In March 2022, I was hired as an assistant. I was primarily responsible for the development and maintenance of an input control system and a time tracking system with photo and geolocation features.
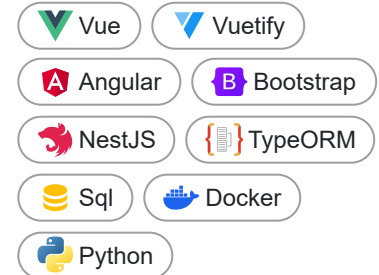

Vue Angular NestJS TypeORM

Junior Systems Developer III - Smart Staff

Since August 2022, I have been working as a junior systems developer. Most of the time, I still work on the same systems, but I also participate in the development of new solutions created by the team.

Vue Vuetify Angular NestJS

MAIN TECHNOLOGIES

Vue Vuetify Angular Bootstrap NestJS TypeORM Sql Docker Python
